

Quickstart Guide

ZOOM Q2HD

Step 1:

Power on the device by holding the power button. The screen should turn on.

Step 2:

By default the device is set to record video and audio. If you would like to record audio ONLY, press the menu button, then use the arrow buttons to navigate to "CAMERA". Select this option by pressing the Record button and set the camera to OFF.

Step 3:

You can change the recording level by turning the Mic Gain dial.

Step 4:

Press record to start the recording. Press record to stop the recording.

Step 5:

To playback video or audio files, press the Play button. Use the arrow buttons to select the desired file and press Play to start playback.

Tips:

- Avoid touching the device after pressing record, to eliminate extra sound.
- You can mount the device onto a mini tripod (if provided) for better stability on a flat surface such as a table.
- You can also mount the device on to a tripod quick release plate when using a full-size tripod.
